Coach Ferreri,

Thank you for sharing your perspective. We spoke with Anna and her response was simply, "Why would I not want to play softball?" She still very much wants to continue supporting the team this season.

Based on the discussion from the meeting, we believe the best path forward is the approach that was outlined to help Anna work through challenges and continue being part of the team.

We appreciate everyone's efforts to keep the focus on what will help Anna succeed and move forward in a positive way.

Thank you,

Morgan
